

Gianluca Nurra

Scientific & Technical Advisor

Gianluca Nurra is Scientific & Technical Advisor at COCERAL and UNISTOCK Europe since February 2019.

Since 2003, Gianluca, who holds a Master's degree in Agricultural Sciences, as well as a Master's degree in Management of Organic Farms, has been working at the international level in the fields of agriculture and rural development, food and feed safety, food quality, control and certification, and sanitary and phytosanitary issues.

For five years, he worked in one of the main Italian Control Bodies for quality control and certification of agricultural feed and food products as Lead Certified Auditor and Certification Coordinator, responsible for the control and supervision of the production, handling, labelling and marketing of organic food at the international level.

He worked for more than six years in two major international consultancy firms in the management and coordination of complex technical assistance projects on agriculture and rural development, sanitary and phytosanitary issues, food and feed safety, and more.

He speaks Italian (mother tongue) and English (fluently), and has a good knowledge of French and Spanish.

Moreover, on 22 November 2023, Gianluca Nurra has been appointed by EUROMALT's General Assembly as its new Secretary General.
